

THE FORUM FOR EUROPE'S LANGUAGE TECHNOLOGY INDUSTRY

SIX INNOVATIVE LT COMPANIES WIN THE LT-INNOVATE AWARD 2014 LANGUAGE TECHNOLOGY ROCKS!

26 June 2014, Brussels, Belgium - On 24 & 25 June 2014, over 100 key players of the Language Technology (LT) industry met in Brussels for the third LT-Innovate Summit.

The event showcased new technologies in Language Technology, fostered investment opportunities and included discussion sessions highlighting why LT has become a mature and strategic industry for Europe.

During the Summit, 22 promising companies presented themselves in front of a jury of investors and experts, who selected the six best companies as Winners of the LT-Innovate Award 2014. The winners were announced on 24 June and received their trophies from Mr. [Paul Rübzig](#), Member of the European Parliament.

The six winners of the LT-Innovate Award 2014 are:

- [Lexicum](#), Bulgaria
- [MIRSK](#), Denmark
- [Speech Graphics](#), United Kingdom
- [Easyling](#), Hungary & [XTM](#), United Kingdom
- [SAIL LABS Technology](#), Austria
- [Transenter](#), The Netherlands
